

Mentor Meeting Form

Spring/Fall 20_____

The purpose for your meetings with your faculty mentor is to open an ongoing conversation regarding such things as careers options, internships and student employment opportunities within your chosen field, option/elective course choices, and graduate school opportunities both at WSU and other institutions.

You are required to meet with your faculty mentor once per academic year. Students with last names A-L will meet during the fall semester, M-Z in the spring. **Return this complete form to EME 304** to have your advising hold will be lifted. Please plan to see your mentor at your earliest opportunity. Most faculty members have office hours posted, which is a very good time to stop in and see your mentor.

Student name (written legibly)_____ WSU ID#_____

I am certified Yes No Mentor name written legibly_____

Mentor: Please indicate topics discussed with this student, sign and date.
